(June 2025 - Issue No. 126)

Welcome to the slightly later truncated June edition, the reason is twofold. I have had a lot going on with my own classic car restoration & other general car maintenance plus my enthusiasm has been slightly dented by a recent event, but after encouraging words from close friends and some classic car good news I have now recovered my mojo. The first main good news is that we have now been offered a stand at the November NEC Classic Car show, which I have quickly accepted. We shall be in Hall 4 again on stand 465 which is 2m longer than last years and no pillars.

The second news is that our stand at the Canwell Show will be back for their Centenary, and we will be positioned in the main stage field. This is the same position as way back in August 2019. The main reason for our repositioning is because the organisers have asked me to take charge of all classic cars that apply and incorporate them onto our stand, so we should have a good large display again, with free admission. Any help will be appreciated on the day, thanks.

Our Owen Club display of 15 cars at the 'Gold Cup' meeting on Saturday 26th July at Oulton Park in Cheshire has been confirmed and I have informed everyone, via the 'WhatsApp' group. We get free entry for car & driver only, passengers and other club spectators can get 20% discounted tickets on-line by using the code BRM75, which means advanced tickets

will only cost you £22.95 instead of £27.00 or £30.00 on the day.

This event will celebrate the 75th Anniversary of Britain's first Formula One team, British Racing Motors (BRM). There will be an exciting collection of historic BRM Formula One cars from the 50's, 60's and 70's which will form a key part of the weekend with demonstrations, displays and guest appearances. Other on track races will be from the Historic Sports Car Club, and an eclectic range of single-seaters, GTs, tin tops & retro sports-racing cars.
